

ST. CATHERINE'S
SPECIAL SCHOOL

CHILD PROTECTION POLICY

2017

The Board of Management of St. Catherine's Special School recognises that child protection and welfare considerations permeate all aspects of school life and must be reflected in all of the school's policies, practices and activities. Accordingly, in accordance with the requirements of the Department of Education and Skills' Child Protection Procedures for Primary and Post Primary Schools, the Board of Management of St. Catherine's Special School has agreed the following child protection policy:

The Board of Management has adopted and will implement fully and without modification The Department's Child Protection Procedures for Primary and Post Primary Schools as part of this overall child protection policy.

Designated Liaison Person

The Designated Liaison Person (DLP) is Teresa Smith (Principal)

The Deputy Designated Liaison Person (Deputy DLP) is Eleanor Hill (Deputy Principal)

Principles which underpin the School's Policy

In its policies, practices, and activities, St. Catherine's Special School will adhere to the following principles of best practice in child protection and welfare. Our school recognises that the protection and welfare of children is of paramount importance, regardless of all other considerations and will therefore;

- Fully co-operate with the relevant statutory authorities in relation to child protection and welfare matters
- Adopt safe practices to minimize the possibility of harm or accidents happening to children and protect workers from the necessity to take unnecessary risks that may leave themselves open to accusations of abuse or neglect;
- Develop a practice of openness with parents and encourage parental involvement in the education of their children
- Fully respect confidentiality requirements in dealing with child protection matters.
- Adhere to the above principles in relation to any adult or pupil with a special vulnerability.

Other Relevant Policies

Specific policies named hereunder are key elements of this overall document and must be referred to in the context of this policy:

- Code of Behaviour
- Anti-bullying Policy
- Attendance Policy
- Enrolment Policy
- Health and Safety Statement
- SPHE Policy
- RSE Policy
- Supervision Policy
- Intimate Care Policy

This list is not exhaustive. The Board has ensured that the necessary policies, protocols or practices as appropriate are in place in respect of each of the above listed items.

Dissemination of Policy

This policy has been made available to school personnel and The Parents' Association and is readily accessible to parents on request. A copy of this policy will be made available to the Department of Education and the Patron if requested.

Designated Liaison Person (DLP)

In St Catherine's Special School, the Principal, Teresa Smith, appointed by the Board of Management, is the DLP. Eleanor Hill acts as Deputy DLP. Both have undertaken training from the Child Abuse Prevention Programme.

The DLP has specific responsibility for Child Protection Procedures and will represent the school in all correspondence with Health Boards, An Garda Síochána and other parties in connection with allegations of abuse. All matters pertaining to child abuse concerns should be processed through the DLP (DES Procedures 3:2)

The DLP acts appropriately where there are reasonable grounds for suspicion or where an allegation has been made.

Confidentiality

All information regarding concerns of possible child abuse should only be shared on a 'need to know' basis in the interests of the child. The giving of information to those who need to have that information is not a breach of confidentiality. This procedure exists for the protection of a child *who may have been or has been* abused. The DLP who is submitting a report to the Health Board or An Garda Síochána should inform a parent/guardian, unless doing so is likely to endanger the child or place that child at further risk. A decision not to inform a parent/guardian should be briefly recorded together with the reasons for not doing so.

In emergency situations, where the Health Board cannot be contacted and the child appears to be at immediate and serious risk, An Garda Síochána should be contacted. A child should not be left in a dangerous situation where Health Board intervention is not forthcoming.

Protection for Persons Reporting Child Abuse

The protection for persons reporting Child Abuse Act 1998 provides immunity from civil liability to any person who reports a child protection concern 'reasonably and in good faith' to designated officers of Health Boards or any member of an Garda Síochána (DES Procedures 1:10)

Qualified Privilege

People making a report to the DLP in good faith have 'qualified privilege' under common law. Reports made to Health Boards may be subject to provisions of the Freedom of Information Act, 1997. This act enables members of the public to obtain access to personal information relating to them which is in the possession of public bodies. However, the act also provides that public bodies may refuse access to information obtained by them in confidence (DES Procedures 1:11)

Definition and Recognition of Child Abuse

Child abuse can be categorised into four different types:

- Neglect
- Emotional abuse
- Physical abuse
- Sexual abuse

Each of these categories is defined in full in 'Children First' (Dept. of Children & Youth Affairs Chapter 2).

Neglect can be defined in terms of an *omission*, where the child suffers significant harm or impairment of development by being deprived of food, clothing, warmth, hygiene, intellectual stimulation, supervision and safety, attachment to and affection from adults, medical care.

Guidelines for Recognition of Child Abuse

A list of child neglect indicators is contained in Chapter 2:2 of Children First. This policy draws particular attention to 'persistent evidence' of neglect, including indicators such as no lunch, lack of uniform, no homework, poor attendance, persistent health problems, lack of sleep indicating inappropriate television viewing late at night and other evidence that would indicate lack of supervision in the home. All signs and symptoms must be examined in the total context of the child's situation and family circumstances.

There are commonly three stages in the identification of child abuse:

1. Considering the possibility
2. Looking out for signs of abuse
3. Recording of information

Each of these stages is developed in 'Children First' (2:2)

Handling Disclosures from Children

(DES Procedures 3:5) gives comprehensive details of how disclosures should be approached. Staffs are advised to deal with each situation sensitively, reassure the child but not to make promises that cannot be fulfilled.

The adult should not ask leading questions or make suggestions. They should explain that further help may have to be sought. The discussion should then be recorded accurately.

The record should include reference to what was observed with sketches of physical injury where necessary. It should also record when the alleged incident took place. Records should be kept in a secure place. The information should then be conveyed to the school DLP.

If the reporting person and the DLP are satisfied that there are reasonable grounds for the suspicion/allegation, the procedures outlined in 'Children First' must be adhered to. Standardised reporting forms should be used (DES Procedures Appendix 4). The content of the report should follow the guidelines in 'Children First'.

School Measures Taken to Protect the Children in Our Care

There are a number of areas where common sense in our school should prevail in order to protect the children in the school and the staff who care for them. In relation to this, certain points should be noted:

1. St Catherine's Special School shall fully implement the Stay Safe programme
2. A copy of the school's child protection policy, which includes the names of the Designated Liaison Person (DLP) and Deputy DLP, will be made available to all school personnel and the Parents' Association and is readily accessible to parents on request
3. The name of the DLP and other relevant support services are displayed in a prominent position near the main entrance to the school
4. In addition to informing the school authority of those cases where a report involving a child in the school has been submitted to the HSE, the DLP shall also inform the school authority of cases where the DLP sought advice from the HSE and as a result of this advice, no report was made. At each Board of Management meeting, the Principal's Report shall include the number of all such cases and this shall be recorded in the minutes of the Board of Management meeting.
5. St Catherine's Special School will undertake an annual review of its Child Protection Policy and its implementation by the school. A checklist, to be used in undertaking the review (included at Appendix 1). The school has put in place an action plan to address any areas for improvement which might be identified in the annual review. The Board of Management shall make arrangements to inform school personnel and The Parent's Association that the review has been undertaken. A record of the review and its outcome shall be made available, if requested, to the Patron and the DES.

It should be noted that children with disabilities may be more at risk of abuse due to a number of reasons (DES Procedures 2:3). Parents, teachers and all staff involved in services for children with disabilities need to be familiar with the indicators of abuse and to be alert for signs of abuse.

Ratification of Policy

This policy will be reviewed by the Board of Management once in every school year.

This policy was adopted by the Board of Management on 14th November 2017 and replaces the existing policy.
